

Thursday 23rd November 2017

This week we have been sharing the story of The Jolly Postman. We have created story maps to help us retell the story and we have talked about characters and main events. We have been buying and selling items in our charity shop and have been learning to recognise coins. In Computing we have been sending and receiving emails - yesterday my inbox was full of lovely messages from your children!

Training I will be on a course tomorrow (Friday 24th November) so please see Mrs Broad if you have any queries or concerns.

Letters and Sounds This week we have been learning to recognise and write the sounds y and z. We are also learning to recognise by sight the words; the, and, I & to.

Next week the Christmas season will have to officially begin! We will write letters and lists for Father Christmas and think of some good questions to ask him. We will make cards and hats and get organised for the Christmas Fayre on Friday. In maths we will be learning the days of the week and investigating how long 1 minute is. We will time how many things we can do in 1 minute (e.g., how many star jumps or how many times you can write your name). We will also be practising for the Christmas play which we are looking forward to performing for you in a few weeks time.

Christmas Play Please keep an eye out for a separate letter about the Christmas Play and costumes!

WANTED We would like to investigate time machines! If you have any old watches or clocks that we can take apart we would be really grateful! Please note that we won't be able to put them back together (I doubt)!! We will also need some small screw drivers for this project so if you have any at home that we could borrow then that would be brilliant!

Show and Tell will not take place next week due to the Christmas Fayre.

Weekly challenge Set up a shop at home and role play buying and selling.

With best wishes,

Alicia Warren
