

Friday 9th March 2018

This week we have been using the story 'Eat your greens, Goldilocks' to prompt further discussion of healthy food choices. We have also been writing lists of words to describe the characters in the story. In maths we have been working hard on recognising, naming and describing 3d shapes. We have counted their faces, edges and vertices.

Letters and Sounds We have been learning the trigraph 'ure'. This is a really tricky one to include in our writing but the children have worked really hard on this.

Next week is our **Spring Concert!** The children have really enjoyed learning our song and are looking forward to performing it. Thank you to those of you who have sent in costumes. We will work out whether we have enough and whether we can logistically fit in a full costume change in the afternoon!

Next week we will start to think about and celebrate the start of spring. After the snow last week we are very much looking forward to searching for buds, birds, flowers and sunshine! That will definitely be something to celebrate!

Weekly Challenge It's not long until the end of the term so please take some time to help your child create their Easter Bonnet (see separate letter).

We hope you all have a wonderful Mother's Day!

With best wishes,

Alicia Warren
