

St Minver School and Nursery SEND Information Report and Local Offer 2025 to 2026

At St Minver school, everyone matters and everyone, whether child, parent or carer, or member of staff, is included in our nurturing, positive and respectful environment, where we celebrate our motto of Be Brave, Be Kind and Belong.

The facilities we have and the education we provide are tailored to meet individual needs both inside and outside of the classroom environment. All children are closely monitored, supported, and challenged to reach their potential. All Staff are supported through continuous and/or specific training to meet the needs of the children so that they have a clear and ambitious vision in providing a high-quality and inclusive education. We are committed to ensuring that all children make progress from their unique stating point. We do this through a variety of different provisions, differentiated planning and scaffolded delivery, by our dedicated, talented team of teachers and their assistants. We also use specific programmes and /or strategies from external agencies, where appropriate.

All children at St Minver School and Nursery, have the opportunity to access the National Curriculum and /or access all areas of learning in Development Matters, which is constructed to be ambitious and creative and designed to motivate, inspire and equip all learners, with special educational needs and/or disabilities (SEND), giving them the knowledge and cultural capital they need to succeed in life.

Regular Parent Forum meetings provide opportunities to share views about key changes/developments to the school's plans.		The SENDCo liaises with other agencies, ensuring parents are involved in this process and have any additional support they need.
Parents are invited to join the PTA, to work together to identify and make improvements for all children and staff.		

3.The curriculum

Whole school approaches. The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
The curriculum is designed to ensure the inclusion of all pupils.	The progress of pupils taking part in intervention groups is accessed and reviewed on a regular basis.	Pupils with special needs and/or disabilities can access the curriculum with adult support as appropriate.
All pupils, regardless of their ability		
and/or additional needs, have full access to the curriculum.	The intervention packages are reviewed and adapted or discontinued in light of a pupil's progress.	In exceptional circumstances pupils can be dis-applied from some subjects.
The Dyslexia Screening test, Little Wandle Screening and Phonics Screening are		Pupils are supported in following their interests, and chosen curriculum,

used to identify pupils who need specific interventions.

Pupil progress is monitored termly, and assessments are used to identify students who need specific intervention.

All children have access to resources to support their learning.

Small group intervention work is focused on specific areas of need which can include:

- literacy- reading, phonics, comprehension, spelling
- handwriting
- numeracy
- social skills
- auditory memory skills
- gross/fine motor skills and coordination e.g. Fun Fit

Social, Emotional and Mental Health Pupils are made aware of their next steps towards an objective in a visual format that is personalised to them. regardless of their SEND and/or disabilities.

Intervention work is focused on specific areas of need which can include:

- speech and language
- visual processing skills

Some children with specific needs may have interventions based on a Trauma Informed Schools (TiS) approach to supporting behaviour and social, emotional and mental health needs, such as Draw and Talk therapy or time in with an emotionally available adult

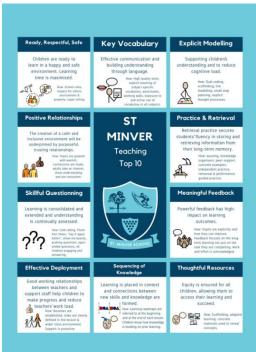

4. Teaching and learning

Whole school approaches	Additional, targeted support and	Specialist, individualised support and
The universal offer to all children	provision	provision
The whole school has developed and embedded a shared understanding of high-quality teaching strategies that support progression, engagement, and inclusion for all learners, including those	Class based staff share information and lesson plans to ensure that pupils with SEND have targeted support and provision.	Personalised and highly differentiated work is provided enabling independent learning, including the use of TEACCH structured approach to learning (e.g. use of TEACCH trays).
with SEND.	Class based staff work with small groups to:	Staff 'scaffold' learning by giving children

The whole school uses a 'dyslexiafriendly' approach to teaching and learning, where differentiated teaching and scaffolded outcomes are used to ensure the progress of all pupils.

Core teaching and learning principles are used consistently across the school (e.g. modelling, questioning, retrieval practice).

Our Teaching and Learning Policy (St Minver Teaching Top 10) highlight the universal offer and expectations for all classrooms.

- ensure understanding
- facilitate learning
- foster independence and selfesteem
- keep pupils on task
- promote resilience

Independent pupil learning is supported by the use of technology.

Special examination arrangements are put in place for internal and external tests and examinations (readers, scribes etc.).

Homework support is available.

just enough help to achieve something they could not do independently

One-to-one support is in place for pupils who need more intensive support, e.g. for those with physical disabilities, sensory loss, speech and language difficulties, autism, severe literacy difficulties/dyslexia etc.

Outreach from a special school can be requested for advice on teaching and learning.

Advice is sought from outside agencies to support teaching and learning from the following:

- Educational Psychologist
- Physiotherapists
- Occupational therapist
- Autism Spectrum Support team
- Visual and Auditory Specialist
- Early support team
- Speech and Language Therapists
- Aspire Autism Champion
- CLIC Sergent
- CHES
- SEN Support Services
- Merlin Centre
- Children's Developmental Centre

Specific mathematical fluency programme identifies gaps and support needed

Regular CPD for all staff supports inclusive teaching strategies, differentiation, and adaptive teaching.

Planning templates reflect whole-school pedagogy and include prompts for SEND adaptations.

Consistent use of formative assessment informs teaching and supports all learners to make progress from their starting points.

There is a consistent approach to curriculum delivery whereby the Learning objective for the lesson is shared, the point of learning through a unit is identified, specific vocabulary is taught, and prior learning is built upon.

Consistent approaches to Teaching and Learning reduces support cognitive Science and builds on children's ability to link learning so that they do more and remember more. TA's working with individual children encourage the students to be independent as possible when working. Teachers and TA's use resources, questioning, visual supports, concrete resources and verbal prompts to develop independent working skills. ICT is used to record children's work where appropriate. Personalised task boards and visual timetables are in place to support independence, including e.g. use of 'Now and Next' boards or traffic lights to indicate and prepare for transitions during the day

5. Self-help skills and independence

Whole school approaches
The universal offer to all children

Additional, targeted support and provision

Specialist, individualised support and provision

Technology is available to aid independence.

Resources and manipulatives are available in all classrooms to promote independence.

Pupils have access to visual timetables, Now and Next boards, communication books, visual reminders, task management boards.

Staff actively promote skills - such as being brave, self-efficacy, behaviours for learning, resilience, perseverance and taking risks - which will make pupils more effective learners.

Staff help children to think, discuss and plan to develop characteristics of effective learning.

Pupils are encouraged, year by year, to develop their self-help skills and independence.

Where teaching assistants are in the classroom they facilitate independence and self-esteem.

Pupils have personalised equipment to help them to learn, such as talking tins, overlays, and timers, reading rulers, task management board and checklist

Pupils have access to visual timetables, Now and Next boards, communication books, visual reminders, task management boards. Teaching assistants working one-toone with pupils encouraging them to be specific about what they need help with, develop resilience, along with asking them what they have done already to find the help for themselves.

Additional support is shared to build resilience in the young person, so that they have self-coping strategies when and if the teaching assistant is absent.

Personalised and highly differentiated work is provided enabling independent learning.

Staff 'scaffold' learning by giving children just enough help to achieve something they could not do independently.

Advice is sought from outside agencies to support self-help and independence from the following:

- Educational Psychologist
- Physiotherapists
- Occupational therapist
- Autism Spectrum Support team
- Dyslexia Advisor Service
- Visual and Auditory Specialist
- Early support team
- Speech and Language Therapists
- Cognition and Learning

Community Nursing Team
Merlin Centre
HUGS

Pupils with specific medical conditions have individual health care plans.

Draw and Talk therapy.

5-point Scale to support emotional literacy

Some children with specific needs may have interventions based on a Trauma Informed Schools (TiS) approach to supporting behaviour and social, emotional and mental health needs, such as Draw and Talk therapy.

Individual Boxhall Assessments are completed to identify specific strategies needed to develop areas of mental health, wellbeing and emotional support

Access to programmes specifically for individuals over 8 years old, led by the Education Mental Health Practitioner, Mental Health Support Team (MHST)

A Mentally Healthy Schools policy is in place to ensure both children and adults are supported in school.

Years 4 and 5 are taught Bike Ability.

Access to whole class programmes led by the Education Mental Health Practitioner, Mental Health Support Team (MHST)

7. Social interaction opportunities

Whole school approaches The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
	i i i	Ů
All pupils have opportunities for social interaction regardless of need.	Sports teams play in local tournaments against other schools including Sports Ability events	All pupils are able to attend after school clubs.
All pupils are invited on trips and visits subject to the necessary risk assessment.	All children are able to attend school clubs.	Where appropriate, children have access to a social interaction group which focus on a range of social interaction skills,
Children are encouraged to listen and have conversations to develop effective interaction with peers.	Playground leaders support (Year 5/6) for those pupils who need to learn the rules of a game.	enabling them to fully engage with other children and adults.

8. The physical environment (accessibility, safety and positive learning environment).

Whole school approaches	Additional, targeted support and	Specialist, individualised support and
The universal offer to all children	provision	provision

Accessibility Policy and Action Plan are reviewed annually. All areas of the school are accessible to everyone including those pupils with SEND, other than the Gallery, which is not accessible for wheelchair users. All facilities, on the ground floor, have wheelchair accessible classes. Pupils feel safe in an environment where bullying is acknowledged and dealt with effectively. There is a named child protection officer, The 'Designated Safeguarding Officer' (and deputies) and a named 'Child in Care' teacher.	Non-slip, non-breakable equipment available in practical lessons. Some toilets are adapted by height and /or specialized equipment. Some toilets are adapted by height. A quiet room is available / individualised learning space.	Specialist equipment in practical lessons enable disabled pupils to be independent. Pupils who have profound and complex needs are supported by a Team around the child and have access to a specialist equipment and resources A Sensory Space, is available for children who need a calm and quiet space, away from the classroom. Designated teaching areas are available. Designated teaching resources matched to pupils' needs are available. Outdoors/classrooms/halls/corridors/calm
All areas of the school are uplifting, positive and support learning. Teachers focus on rewarding good behaviour to promote a positive learning environment. The rewards and sanctions system is robust and displayed around the school.		spaces are made accessible for young people with sensory needs. Support from Occupational Therapy to ensure any adaptations are risk assessed. Manual Handling Plans support children with physical disability Personal Emergency Evacuation Plans (PEEPs) is used to document how

All children have access to an emotionally available adult if they are feeling upset, anxious or angry.

people will be evacuated when they have difficulty responding to a fire alarm or escaping from a building unaided, in the event of an emergency.

9. Transition from year to year and setting to setting

Additional, targeted support and provision	Specialist, individualised support and provision
	Î
Pupils identified as possibly struggling with transition have a number of additional visits in small groups.	The SENDCo attends the annual review of a statement & EHC reviews.
The SENDCo liaises with pre-school	Pupils have an enhanced, structured and gradual transition package from
and secondary school to ensure all information is shared before transition.	setting to setting. This ensures that they are very familiar with routines, key members of staff, running of the school day, environment, etc.
The SENDCo liaises with class teacher	Tarabana and TA's bassa a (Hand assar)
with in the school setting.	Teachers and TA's have a 'Hand over' meeting prior to transition throughout KS1 and KS2.
•	Children with Autism and Complex
prior to joining the school.	Needs have a Communication Passport or Pen Profile, produced as a handover
	Pupils identified as possibly struggling with transition have a number of additional visits in small groups. The SENDCo liaises with pre-school and secondary school to ensure all information is shared before transition. The SENDCo liaises with class teacher and TAs to ensure a smooth transition with in the school setting. New children and their parents are welcome to visit the school for a tour

Year 6 take part in transition day activities organised by receiving schools.

A 'move up' morning across the school allows all pupils to work with their new teacher.

Children with Autism or Complex Needs have an opportunity to complete a Transition Booklet, in the Spring term to build confidence to support transition to Year 7.

10. The SEND qualifications of, and SEND training attended by, our staff

To enable all children to have access to the To enable targeted support and To enable specialist, individualised curriculum, information and guidance, provision support and provision physical environment, school and wider community SENDCo is a qualified teacher who has SENDCo is aware of a range of SENDCo know how to access completed the Postgraduate Certificate: The interventions and possible provisions to specialist and individualised support National Award for Special Educational support all areas of need from agencies. 12. Pupil progress

Pupil's progress and attainment is an ongoing process of teaching, learning, consolidating and applying. The class teacher and support staff complete this. Children receiving Special Educational Support have Individual Provision Maps (IPM's) which show the support in place, enabling the children to achieve their targets. This is shared with parents and pupils. Progress made towards targets is continuously monitored and assessed. Pupils, parents and their teacher review the targets and provision and successes are celebrated. If a child continues to require SEN Support, new targets and provision is planned and recorded using an IPM.

However, if a child makes expected progress they will be removed from the SEN Support register, and remain closely monitored for two further consecutive terms.

Parents can request a meeting with the class teacher, the SENDCo or the Head Teacher. Any concerns with progress are discussed with the Head Teacher, teacher, SENDCo.

All pupils are involved with self-assessments at the end of learning tasks and against learning outcomes in lessons.

13. How we know how good our SEN provision is

At St Minver School and Nursery, we are always monitoring and evaluating the quality of our SEN provision. We monitor our provision through Aspire Academy Hub monitoring visits, SENDCo observations and learning walks and conversations with pupils. We also ask parents for feedback and comments during review meetings and through parental questionnaires. In terms of intervention and specific provision, there is an entrance and exit assessment made to ensure the pupils are making progress from the provision. We make any appropriate adaptations as necessary. St Minver School and Nursery reviews its SEN provision annually using the Aspire Audit, which identifies strengths and areas for improvement, against the statutory requirements stated in the SEND Code of Practice 2015. From this, an action plan is produced.

14. If you wish to complain

The first point of contact for concerns should be the class teacher. If you feel that there are still concerns or questions unresolved then contact the SENDCo (Sally Hewitt) or Head of School (Alicia Warren) to arrange a meeting.

Cornwall's Local Offer can be found on The Cornwall Family Information Services (FIS) website: http://cornwall.childrensservicedirectory.org.uk

Answers to Frequently asked Questions

1. How do people in school know if a pupil needs extra help?

Our school has an 'open door' policy to parents and have extremely well-developed links with the parents of the children that attend St Minver School. Children's progress and behaviour are monitored through termly tracking systems. Children who may be vulnerable are identified on a Class Vulnerable Group record, used to consider both need and intervention when tracking and reviewing their progress termly. These are shared with all staff.

If a child transfers to our school from another Primary school then we always do our utmost to find out as much information as possible about that child from both parents and the child's previous school. If there are external professionals involved with that child then their opinions and reports are sought after to ensure that we get the full picture of that child.

2. What should I do if I think my child may have special educational needs?

If you think that your child may have a special educational need then talk to us. We are here to listen and to help. You should talk to your child's class teacher in the first instance and then after discussion they may set up a meeting with the Special Educational Needs and Disability Co-ordinator (SENDCo) and / or the Head of School. Following these meetings steps will be taken to address any concerns you may have about your child.

3. Who is responsible for the progress and success of my child in school?

The progress and success of your child in school is everyone's responsibility. By 'everyone' we mean all school staff, parents as well as the child themselves. Whole cohort, termly progress meetings with staff ensures progress is tracked and monitored appropriately and discussions about vulnerable groups are timetabled into staff meeting half termly. Where necessary, specific and targeted intervention support will be deployed.

4. How will the curriculum be matched to my child's needs and how will their needs be supported?

At St Minver School and Nursery, we are flexible and creative with our approach to the Development Matters Guidance and Primary Curriculum and plan lessons to be accessible for all. In all classrooms there are three 'waves' of support: Whole Class (Wave 1) – support and resources available to everyone in that class; Group (Wave 2) – support and resources available or tailored for small groups of children; and 1:1 (Wave 3) – support and resources specifically designed for or accessible by individual children.

All lessons are differentiated and scaffolded appropriately according to the needs of the children in that class or group whether it be by the amount of support children will receive, resources they may use or the expectation the teacher has of those children when that lesson is finished.

Children are sometimes withdrawn from the classroom in small groups or on a one to one basis for more intensive support from a teacher or teaching assistant, or to take part in an intervention program designed to meet and support the needs of that individual or group of children. Children may also be withdrawn by staff for physiotherapy sessions or individual speech therapy support.

5. How will I, and my child, know how well they are doing and how can you help me to support my child's learning?

St Minver School and Nursery operates an effective 'open door' policy to create a constant positive dialogue with parents. In addition to this, staff may ask to speak with parents at the end of the school day. Parents and pupils are invited to engage in an Autumn Wellbeing meeting and also, termly SEN review meetings in the Autumn, Spring and Summer term, where Individual Provision Maps are reviewed and new targets set for pupils and parents. Annual reports are sent home to parents in the Summer term. Throughout the year there are 'open afternoons' whereby parents are invited into the classrooms to share the children's learning, progress and support upcoming events e.g. class trips/residentials. All of this constant dialogue between school and parents will help you to support your child's learning at home and inform you of how they are progressing in school. If at any time you wish to discuss your child, then meetings can be arranged with class teacher and / or the Head Teacher at your request.

6. What support is there for my child's overall wellbeing?

Your child's overall wellbeing will be constantly supported in school in a variety of ways. We will help them; to be healthy by ensuring that they enjoy good physical and mental health, by encouraging them to live a healthy lifestyle, keep safe by protecting them from harm and neglect, to enjoy life; to achieve well by giving them opportunities to make the most out of life, by teaching them the skills they need for adulthood, to make a positive contribution to their school, community and society, by being involved in their community and society and discourage involvement with anti-social or offending behaviour, contribute to their economic well-being and by ensuring that they are not prevented from achieving their full potential through economic disadvantage.

7. How do I know that my child is safe in school?

At St Minver School, we have a variety of measures, policies and procedures in place to ensure that your child is safe. All staff are checked by the Disclosure and Barring Service (DBS checks previously known as CRB checks) and have tier 2 child protection training. There are also named members of staff who are trained to tier 3 in child protection. We have a safeguarding policy and have risk assessments in place for a wide variety of activities and situations that may arise.

8. How accessible is the school environment?

The school building at St Minver School and Nursery is accessible to everyone who attends school or who comes to visit us. We have good access to every classroom. We have a disabled toilet and changing facility.

9. How will school prepare and support me/my child through the transition from key stage to key stage and beyond? Your child will be highly supported by school throughout every transition process. We would meet with everyone involved in supporting a child's needs, talk to the relevant external professionals as well as involving members of staff from the next stage of schooling in these meetings. Where a child is transferring to a secondary school they would be able to undertake extra transition days to allow them to become more familiar with the environment.

10. What specialist services and expertise are available at or accessed by your school?

A list of specialist services used by the school and are accessible to us are on the Family Information Service website. https://www.cornwall.gov.uk/health-and-social-care/childrens-services/family-information-service/

11. How is my child included in activities outside the classroom including school trips?

Everyone is included in everything at St Minver School. Activities outside the classroom are a part of everyday life for us and we undertake a wide variety of school trips throughout the year. All children are encouraged to take part in after school clubs, and those children who need it are supported appropriately. The same applies when it comes to trips and camps and adaptations are made where necessary to ensure that every child is included whilst at the same time carefully ensuring that those adaptations do not affect the experiences of other children.

12. How are the school's resources allocated and matched to pupils' special educational needs?

Each year the school decides on an allocation of money for special educational needs (SEN). For all children on the school's SEN register the school itself is expected to meet the first £6000 of any resources and support required by each individual child. For those children with an Education, Health and Care Plan, spending above the £6000 may be claimed back from the local authority up to a limit set by the resources provided by the statement. In addition to this, these children also have access to free resources and support from external professionals such as Educational Psychologists for example. In-school resources and support are detailed in Individual Education Plans

(IEPs). These plans are individually tailored to each child on the SEN register and specify which resources will be used to support that child, how much support they will receive and whether any additional adult support will be used.

13. What SEND training have the staff at school had or are having?

The Special Educational Needs and Disability Co-ordinator (SENDCo) has undertaken the following:

- Accredited National Award for SEND Co-ordination, a year-long qualification which looks in depth at the differing types of special educational need, research and pedagogy into a wide variety of educational topics as well as how best to support children with SEN in school.
- A Masters degree in Education with an SEND inclusion focus.
- Trauma Informed School (TIS) Practitioner training and continues to attend online update sessions to ensure TIS approaches supported are embedded in teaching, learning and SEND practices.
- Work, Rest and Play the Sensory Way (WRAPS). The training provides an understanding of individual sensory differences
 and needs, enabling teachers to identify and support sensory challenges faced by children within the school environment.
 On completion of the training the SENDCo is able to disseminate learning within the school so that basic strategies are
 introduced as needed to support pupils' sensory regulation and enable them to make a referral where necessary.
- Deputy Safeguarding Lead training
- Every Leader a Leader of SEND essential information and actions for leaders in leading SEND across a school
- Supporting Communication for Children with Complex Needs
- Fun Fit training
- Time to Talk
- SENDCo has completed the Headstart SPACE (Supporting Parents and Children Emotionally) Combined Facilitator Training and attends termly workshops.
- Speech and Language workshops and sessions to support specific need of the pupils

14. What should I do if I feel that the Local Offer and the Information Report is not being delivered or is not meeting my child's needs?

If you feel that the Local Offer/Information report or the School Offer is not being delivered or is not meeting your child's needs then we urge you to contact school in the first instance, speaking to either the SENDCo (Sally Hewitt) or the Head of School (Jo Rodwell). Concerns may then be escalated, if necessary, to the Director of Inclusion (Sue Costello) or to the Board of Directors at Aspire Academy Trust.

15. How is your School Offer and Information report reviewed? Our School Offer and Information Report is reviewed on an annual basis in consultation with staff, parents and directors of the school.
