

St Minver School

Head of School: Mrs J Rodwell

Monday 21st March 2022

Thank you for adding your amazing experiments on to Tapestry over the weekend. The children have had so much fun telling us all about them! Science week was a huge success in school, and we are looking forward to choosing two Science Ambassadors to represent our class this week. If selected these children will be spending time with Miss Merson and other representatives across the school to talk about all things Science and discuss how we take part in this subject at St Minver School.

Our Book Swap will take place on Wednesday. Send a book a children's book that you no longer require at home into school and your child will have the opportunity to choose a different one to take home.

Our school trip to Pentire Head is **next Tuesday**. I think we are waiting for just a couple more reply-slips to come back to us. I will send out some reminders about what the children will need later this week.

Parent Meetings are this week so please ensure you have booked an appointment to see me.

Our final part of celebrating World Book Day will be a sponsored read to raise a little bit of money towards some new books that Class R would like to purchase to support our learning during the summer term. I will send more information out regarding this later this week but please get ready to listen to lots of reading!!

Thank you for your continued support. Don't forget to pop in to see me if you have any queries or concerns.

Kind regards,

Mrs A Warren
